JOINT RESOLUTIONS AND MEMORIALS.

JOINT RESOLUTIONS

In relation to the preservation of the Faith and Credit of the State.

Be it resolved by the Senate and House of Representatives of the State of Alabama, in General Assembly convened, That the preservation of the faith and credit of the State of Alabama, is an object of the deepest solicitude with this General Assembly, and one worthy of the most zealous energies of every patriotic citizen.

Resolved further, That this General Assembly look with pride and pleasure upon the fact, that, while other States, with more abundant sources of available revenue, have failed to meet punctually their pecuniary engagements, Alabama has faithfully and fully complied with her own, and has, at all times, been ready to discharge promptly, the interest upon her liabilities, as it became due.

Resolved further, That this General Assembly regard the pecuniary liabilities of the State of Alabama, as binding upon her citizens, both in law and conscience; and that her people are too honest, and her legislators too trustworthy, to attempt any measure, of which the result would be, either directly or indirectly, to impair confidence in her honor, or awaken just anxieties in the minds of her creditors.

Resolved further, That, with a sincere confidence in the honesty of the people of the State of Alabama, and a like assurance of their entire resignation to the imposition of such pecuniary burdens as may be necessary to maintain the faith and credit of the State, we pledge ourselves, each to the other, to the maintenance of a spirit of all proper economy and retrenchment in our State expenditures, and to the discontinuance of all attempts to blot the fair escutcheon of our commonwealth with the odious stain of repudiation.

Approved, 17th January, 1844.

JOINT MEMORIAL

To Congress, in relation to a certain Mail Route, therein named.

WE, the Senate and House of Representatives of the State of Alabama in General Assembly convened, would respectfully represent, that at present, a large, respectable, and enterprising portion of the citizens of this State, are cut off from speedy communication with the Seat of Government of our State.

We would further represent, that, a weekly stage line from Tuscaloosa to Tuscumbia, would remedy this deprivation. The line leaving Tuscaloosa, and passing through New Lexington, leaving the Byler turnpike at some convenient point, passing through Russellville or Newbergh, thence to Tuscumbia, where it would intersect with the great line from Nashville to New Orleans, and also with the great southern route from Charleston to Memphis.

We believe such a line is demanded by the wants of the people whose agricultural and commercial interests are involved in the establishment of such line: Therefore,

Section 1. *Be it resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened*, That our Senators in Congress be instructed, and our Representatives requested, to use all fair and honorable means to procure the passage of an act by Congress, establishing such line.

Sec 2. *And be it resolved*, That the Governor be requested to furnish each of our Senators and Representatives in Congress, with a copy of these Resolutions.

Approved, 13th January, 1844.

And be it further resolved, That upon delivery of said notes to the payors, or their order, all the rents, rights, profits, and title to said sixteenth section, shall revert and belong to the inhabitants of said township, in as full, perfect, and complete a manner, as if no sale thereof had ever been made: *Provided,* That the purchasers of said sixteenth section, and a majority of the qualified voters of said township, assent to the rescission of said contract.

JOINT RESOLUTIONS

Of Instruction, on the subject of changing the Constitution of the United States.

The Committee on Federal Relations, to which was referred certain Resolutions of the State of Massachusetts, proposing to change the Constitution of the United States, in such manner as to deprive the slave holding States of their present proportion of representation in Congress, have had the subject under consideration, and instructed me to report the following resolves, and respectfully ask their passage :

The General Assembly of the State of Alabama will, in no event, give countenance to this proposition of Massachusetts. The provision proposed to be stricken from the Constitution, contains within it, the terms upon which the Union was formed, and any attempt now to change it, and thereby disturb the confederacy, ought not to be made. Alabama views all such attempts as evidences of bad faith on the part of a sister State ; having a direct tendency to weaken the bonds of mutual interest and good feeling which has hitherto bound us together : Therefore,

Be it resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That the proposition of Massachusetts so to change the Constitution of the United States, is considered wholly inadmissible by the people of Alabama.

Resolved further, 1st. That our Senators in Congress be instructed, and our Representatives requested, to use their utmost exertions against the proposed amendment of the Constitution of the United States to exclude the representation of "three-fifths of all other persons."

2nd. *And be it further resolved,* That it be made the duty of His Excellency the Governor, to forward a copy of the foregoing resolutions to each of our Senators and Representatives in Congress.

Approved, 17th January, 1844.

JOINT RESOLUTION

In regard to the State of Georgia.

Resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That the State of Alabama will support the State of Georgia in all proper and needful enactments, intended to enable the State of Georgia to sustain herself against aggressions upon her rights of sovereignty; among which we hold the right to pass laws preventing the ingress of free negroes into her territory.

Approved, 17th January, 1844.

JOINT RESOLUTION

For the relief of Lorenzo Walker, and his wife Pheraba, of Fayette County.

WHEREAS, Lorenzo Walker, a free man of color, and his wife, Pheraba, who are both now, and for some years have been, citizens of the county of Fayette, have been emancipated by their master, Robert Logan, in due form of law; and whereas, by their industry, perseverance, and general good deportment, the said Lorenzo Walker and his wife Pheraba, have accumulated property in said county; and whereas, the said Lorenzo, and his said wife, have ample testimonials of good character: Therefore,

Be it resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That the said Lorenzo Walker, and his said wife, in consideration of the premises, be, and they are hereby allowed and permitted, to remain in the said county of Fayette, as if there were no law to the contrary: *Provided,* The said Lorenzo Walker, and his said wife, give bond, with good and sufficient security, to be approved by the Judge of the County Court of said county, in the sum of twelve hundred dollars, conditioned for their good behaviour while residents in said county; and conditioned further, that neither of them shall ever become a charge upon any town or county in this State.

JOINT RESOLUTIONS

Of the Senate and House of Representatives of the State of Alabama, upon the subject of Postage.

WHEREAS, serious inconvenience has resulted to the citizens of this State, from the existing rates of postage on letters; and whereas, we believe that the Post Office charges should be regulated by the national currency: Therefore,

Be it resolved by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That our Senators in Congress be instructed, and our Representatives requested, to use their best exertions to modify the present charges on letters, so as to comport with our national currency.

Resolved further, That the Governor be requested to transmit a copy of this preamble and joint resolutions to our Senators and Representatives in Congress.

JOINT MEMORIAL

To the Congress of the United States, on the subject of the Pre-emption Laws.

To the Honorable the Senate and House of Representatives of the United States in Congress assembled:

The Memorial of the General Assembly of the State of Alabama, respectfully represents, that the wise policy of the Government of the United States, in relation to the Public Lands, in the passage of the

late Pre-emption laws, has been, owing to the extraordinary pressure of the times; and derangement of the currency of the country during the last five or six years, partially defeated, and many industrious, enterprising, and meritorious citizens deprived of the means of purchasing the homes intended to be secured by those benevolent laws.

The General Assembly further represent, that, owing to the causes above named, as well as to the great reduction, during that period, of every article of agricultural production, and of property generally, a most respectable portion of the settlers on the Public Lands in this State, and especially in the Cherokee purchase, have been unable to realize the advantage intended to be secured to them by the Pre-emption laws of one thousand eight hundred and thirty-eight and one thousand eight hundred and forty. Their settlements were consequently offered for sale, but owing to the great scarcity of specie funds, were not sold; they will be shortly subject to general entry, and without the timely interposition of Congress, it is apprehended that this meritorious class of citizens will be ousted of their possessions by another class, who are ever ready to take advantage of the necessities and misfortunes of the poor but hardy and industrious pioneer of the west.

For the reasons above set forth, the General Assembly pray your Honorable Bodies, to extend the right of Pre-emption two years to the settlers above described, that they may be enabled to enter their lands, in preference to those who may be disposed to make a general entry.

Resolved therefore, by the Senate and House of Representatives of the State of Alabama in General Assembly convened, That our Senators in Congress be instructed, and our Representatives requested, to use their best exertions to carry out the views contained in the foregoing preamble and resolution; and that His Excellency the Governor, cause copies of this preamble and resolution to be forwarded to them.

Approved, 15th January, 1844.

Approved, January 16, 1844.

MEMORIAL

Of the General Assembly of the State of Alabama, to the Congress of the United States, requesting a reduction of the price of the Public Lands within said State.

The Senate and House of Representatives of the State of Alabama, in General Assembly convened, respectfully request the Congress of the United States to graduate and reduce the prices of the public lands within the State of Alabama, which have been long in market and remain unsold, with a view of getting clear of the expense of the Land Office system, and making those lands private property.

There are some nineteen millions of acres of public lands within the State, which have been in market, some for ten, some for twenty, and some for thirty years; and notwithstanding the several periods of a rise and fall of prices of products, and the great rise of lands and speculations in them, and notwithstanding our citizens have been seized with the spirit of speculation, and have traversed all of the west and southwestern States in quest of public lands, yet so worthless have been the barrens and mountains of Alabama, that but few tracts have been entered of this great waste. Congress has often been requested to graduate the prices according to the periods of time they have been in market; and has hitherto refused to grant this most reasonable request. If ten cents per acre had been obtained for them twenty years ago, it would have been a great benefit to both the State and General Government. The one would have had the value of the property, and have been free from the expense of attending to it, whilst the other would have had citizens. As it is, Congress owns waste valueless lands, and Alabama has an uninhabited desert, instead of tax-paying inhabitants. Why should Congress longer attempt to force up the prices of deserts and mountains, which, although surrounded by inhabitants from fifty to two hundred years, are yet not worth twenty cents per acre, and in many cases not half of that sum? What reason is there to conclude that similar lands are worth more money in Alabama, where there are fewer inhabitants, more recently settled, and the country less healthy? Your memorialists request that Congress may reduce the prices of said lands according to the periods of time that the several districts may have been in the market, and securing rights of pre-emption to occupants for limited periods of time at each stage of reduction.

And be it Resolved, That the Governor transmit a copy of the foregoing Memorial to the Senators and Representatives in Congress.

Approved, January 16, 1844.
